

Peak Area Leadership in Science

Professional Development Opportunities
for Secondary Science Teachers

Three Ways to RSVP:

- RSVP form (new!) at www.sciencehubs.org
- email: RSVP@sciencehubs.org
- Call Tammy Johnnie at (719) 337-1552

Marijuana and Youth

Wednesday, October 7th, 2015

Sand Creek High School 4 p.m. to 8 p.m.

SPEAKERS Erin C. Flynn, MPH

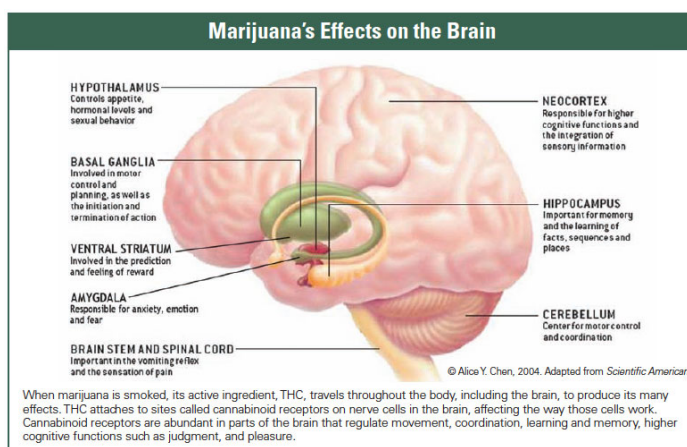

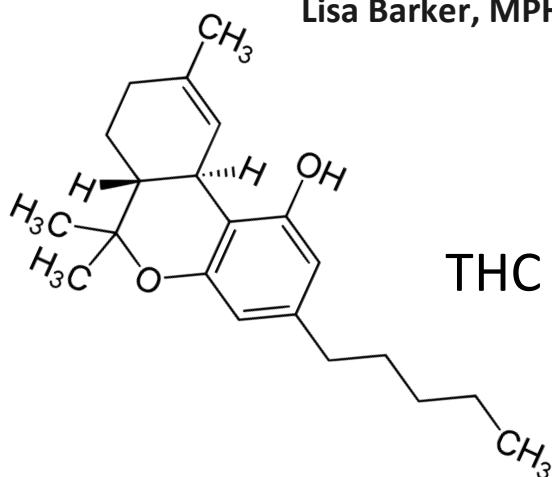

Marijuana Education and Youth Prevention Coordinator

Colorado Department of Public Health and Environment

Lisa Barker, MPH

Marijuana Program Manager, Environmental Epidemiology,
Occupational Health, and Toxicology Section

Colorado Department of Public Health and Environment

What you will learn:

- What does scientific research say about the use of marijuana by our youth?
- What resources are available to educate our youth about marijuana and its (mis)use?
- How can we analyze the scientific research that is available?

Don't miss this opportunity to:

- expand your knowledge of science content, teaching pedagogy, and/or enjoyment of all things science!
- earn college credit or document professional development clock hours.
- network with other Pikes Peak Region science teachers.
- gather teacher materials and/or door prize. (Refreshments provided ☺)

Don't forget your science notebook!

This workshop is possible because of GENEROUS funding provided by:

The Mikkelson Foundation

Providing Support for Teachers to
Improve Technical Knowledge and Skills

Additional funding from the Colorado Association

of Science Teachers
